

RESEARCH OPPORTUNITY!

Participate from your home computer

When you have Klinefelter syndrome, you hear a lot about that extra X.

Let's talk about your OTHER chromosomes!

By studying the impact of family background, we hope to better understand and personalize interventions for boys with Klinefelter syndrome.

We need your help! Please contact Rebecca Procopio at 570.522.9423 or raprocopio@geisinger.edu or visit geisingerADMI.org/SCA to learn more about how you can participate through online questionnaires.
