

World Class Health Care in the Heart of Pennsylvania

Seeking talented and motivated child and adolescent psychiatrists

Join a growing multidisciplinary clinical and research team at Geisinger's Autism & Developmental Medicine Institute (ADMI) in beautiful Lewisburg, PA and other sites in central Pennsylvania. In collaboration with nearby Bucknell University, ADMI's vision is to expand and integrate clinical services, research, education, and family support for children and adolescents with autism and other neurodevelopmental disorders.

At ADMI, child psychiatrists:

- provide clinical care, including diagnostics and medication management, as part of a dynamic, multidisciplinary developmental medicine, psychiatry, psychology, neuroscience, and genomics team
- work within a busy, stimulating clinical and research environment serving individuals with diverse neurodevelopmental challenges
- develop clinical expertise and research interests through specialty clinics for fragile X, Smith-Magenis, 22q11.2 deletion, and other genetic syndromes
- enjoy protected time to pursue research projects and clinical trials related to developmental brain disorders
- teach residents, medical students, and trainees in allied disciplines through established affiliations between Geisinger and regional academic institutions
- are respected and supported colleagues within Geisinger's nationally-recognized and growing Autism & Developmental Medicine Institute
