## Seeking a talented and motivated clinic nurse practitioner

Join a growing multidisciplinary clinical and research team at Geisinger's Autism & Developmental Medicine Institute (ADMI) in Lewisburg, PA. ADMI's vision is to expand and integrate clinical services, research, education, and family support for children and adults with autism and other neurodevelopmental disorders.

### At ADMI, the nurse practitioner:

- provides collaborative care as part of a dynamic, multidisciplinary developmental medicine, psychology, neuroscience, and genomics team
- works within a busy, stimulating clinical and research environment serving individuals with diverse neurodevelopmental challenges
- develops knowledge and experience through specialty clinics for fragile X, Smith-Magenis, 22q11.2 deletion, and other genetic syndromes
- is a respected and supported colleague within Geisinger's nationally-recognized developmental medicine institute

### About Geisinger

Geisinger fosters an atmosphere of clinical excellence while offering the best of life in small-town America – good schools, safe neighborhoods with affordable housing and a wealth of cultural and recreational activities. The surrounding natural beauty provides opportunities for fishing, skiing, canoeing, hiking and mountain biking. Urban life is easily accessible, with New York, Baltimore, Philadelphia or Washington DC just an afternoon's drive away. Discover for yourself why Geisinger has been nationally recognized as a visionary model of integrated healthcare.
